ASSEMBLY INSTRUCTIONS

1. Assemble the plastic base. Connect the two Plastic Sides (B) to the Plastic Bottom (A). Each side piece has L-shaped tabs that align with the holes in the lip of the Plastic Bottom. Once inserted, slide the entire side piece until it clicks into place.

2. Attach the two Plastic Ends (C). They have V-shaped notches that slide onto the ends of the Plastic Sides (B). The Plastic Ends also have three tabs on the bottom that will connect with the holes in Plastic Bottom (A). Push downward until the ends click into place.

3. Lay out the Wire Top with Door (D) so the door is on the floor. When positioned correctly, the loop will be UNDER the horizontal wires and the prongs of the door latches will protrude UP toward the ceiling. Bring the front, back, and sides together. Secure with two Corner Stabilizers (F) in the back, as shown.

4. Attach the Side Panels/Doors (E) to the Wire Top. Place a Corner Cap (G) on each corner of the panels as shown.

5. Place the eight Clips (H) around the outside of the Wire Top as shown. The hooks of each clip will hang on the third horizontal wire from the bottom. We recommend two clips in the back, one on each side, and two on each white door panel. Each clip should straddle a vertical wire so they do not shift side-to-side. When fully assembled, the clips will be used to secure the Wire Top to the Plastic Bottom.

6. Connect the two pieces of the Elevated Feeding Platform (K). Place the Bowl (L) over the stabilizing ring on the platform.

7. Place the Elevated Feeding Platform and Wire Top on the Plastic Bottom. The Corner Stabilizers (F) will click into the corners of the base, while the Clips (H) will secure the Wire Top to the Plastic Bottom on all sides.

8. Attach the Hay Feeder (J) on the outside of the home in the desired location. The Water Bottle (I) can be mounted from the outside or the inside of the home according to your preference. Furnish with bedding, toys, and accessories as desired.

To clean your Wabbitat Deluxe Rabbit Home, wipe with a damp cloth and mild, pet-safe cleaner. Allow to air dry. Do not expose to direct sunlight for extended periods of time.
